MS-T500

Armadillo

Micro Tracked Dumper

500 kg load in a 0.22 m³ box that tilts 86 degrees. 360 degree rotating body for tight-space unloading. Made for steep slopes.

Load Capacity	500 kg
Cargo Box	0.22 m ³
Rotation	360 degrees
Max Grade	20 degrees
Dimensions	2300 x 860 x 1000 mm

From ~\$3,850 USD*

*Ex-works indicative. Prices subject to change. Dealer pricing varies by market.

KEY FEATURES

- 360-degree rotating body
- 86-degree tilt for complete unloading
- Handles 20-degree grades
- Compact for tight construction sites
- Ideal for steep slope material transport

MS-G500 / MS-G800

El Bolivar

RC Micro Lawn Mower

Fully remote-controlled from 600 m away. 50 or 80 cm cutting deck. Handles 50-degree slopes. For freeway shoulders, steep banks and anywhere a human should not be.

RC Range	600 m
Max Slope	50 degrees
Cutting Deck	50 / 80 cm
Weight	160-260 kg
Dimensions	1320-1450 x 800-930 x 600-650 mm

From ~\$3,960 USD*

*Ex-works indicative. Prices subject to change. Dealer pricing varies by market.

KEY FEATURES

- Fully remote-controlled operation
- Two deck sizes: 50 cm or 80 cm
- 600 m control range
- For freeway shoulders, embankments, hazardous terrain
- Handles extreme 50-degree slopes

LIMITED EDITIONS

Two sets. One trophy. Then never again.

Each edition is a single production run of a matched 5-machine set or a single flagship one-off. Once the run is complete, the edition is closed forever.

CYBERPUNK

Neon circuit-board livery on all 5 machines. Purple, cyan, magenta. Reads across a parking lot from 100 m. Sold as a matched set only.

5-machine set | one run

SCORPION

Matte black with gold scorpion motif on every panel. Serious kit for serious operators. Sold as a matched 5-machine set only.

5-machine set | one run

GOLD DIGGA

One machine. Solid gold Jaguar excavator. Single unit, never repeated.

One-off | Jaguar only

Looking for the standard range? Every machine in the main catalogue ships in any solid colour you choose, at no premium. Editions are a separate collector line.

MICROTECH

Drive it without getting in.

Factory-installed remote radio control for Wombat and Bolivar. For hazardous terrain, low-height sites, inspections, and any job where the operator should stay out of the cab.

- 600 m range on Bolivar, 150 m on Wombat
- Optional cameras: 360 deg dome, POV drone-style, rugged fixed, bucket closeup
- Factory-fit only - order with the machine, not afterwards
- Manual override built-in - machine still drives from the cab if the remote dies
- Alternator-charged - zero impact on runtime

WHY NOT THE BIG BRANDS

Same job. Half the price.

Brand	Micro skid loader (typical)	Local service	Right to repair	Warranty
MicroMack	~\$3,960-\$7,700*	Regional dealer, 24h	Yes, parts list shared	18 months (up to 36)
Brand A	\$15,000-\$25,000	Dealer only	Restricted	12 months
Brand B	\$20,000-\$35,000	Dealer only	Restricted	12 months
Brand C	\$25,000-\$40,000	Dealer only	Restricted	12 months

*All prices are indicative ex-works USD and subject to change without notice. Final pricing provided by your regional dealer includes import duty, VAT, and last-mile delivery.

WARRANTY & SERVICE

Built to last. Backed to match.

- **18-month standard warranty** on all machines, covering manufacturing defects in materials and workmanship.
- **Optional 3-year extension** available at time of purchase for comprehensive coverage.
- **Right to repair** - every machine ships with a complete parts list. No DRM, no software locks, no proprietary tools.
- **24h SLA response** - your dealer responds within 24 hours. Critical failures: on-site within 48 hours.
- **90% parts in stock** at each authorized dealer. Remaining parts sourced within 15-30 days.
- **Transferable** - warranty transfers to subsequent owners for the remainder of the original period.

HOW TO ORDER

From enquiry to delivery.
